

## POLICE & FIRE COMMUNICATIONS SYSTEM 505 ELM RIDGE ROAD CARPENTERSVILLE, ILLINOIS 60110-2063 (847) 428-8784

David B. Smith, Director

Kevin R. Howell, Deputy Director

February 2<sup>nd</sup>, 2012

Michael N. Murphy Chief of Police Barrington Hills Police Department 112 Algonquin Road Barrington Hills, IL 60010

Dear Chief Murphy:

I am writing to request permission from you to install an antenna and repeater for fire purposes on your tower located next to your Police facility.

The East Dundee and Countryside Fire Protection District has experienced some communication problems at the far east end of their district. A test performed through Chicago Communications has indicated that the installation of an antenna and a fire repeater on your tower would resolve these communications issues.

Could you please advise me what the process would entail to gain permission to proceed with this installation.

Thanking you in advance for your consideration in this matter.

Respectfully

David B. Smith

Director

bcc: Board of Trustees

Village President
